Return to Campus Update:

By now you should have received an email from Uplift CEO Yasmin Bhatia regarding our updated return to campus plan. Here are a few highlights:

- **Important!:** Please submit your survey, linked in Yasmin's email and [here](#), to lock in your scholar's learning choice for the school year (remote, hybrid, or in-person).
- 6th grade in-person only scholars return to school on September 28th. 7th and 8th grade in-person only scholars return October 5th.
- If you have submitted your scholar's learning choice for Q1 as hybrid, please look out for an email to learn if your scholar will be coming for in-person instruction on Monday and Tuesdays, or if they will be in the Thursday and Friday group.

MAP Testing Makeup:

If your scholar or scholars missed MAP testing this week or otherwise had difficulty accessing the test, look out for an email on how they can make up one of the most important tests of the year!

- Starting on September 8th, scholars will engage in an hour of math intervention (2:00-3:00) and an hour of academic independent work time (3:00-4:00). At 2:00 scholars will need to log onto their math intervention Zoom call and will engage in daily reflection and 45 minutes of math activities on MATHia.
 - The second hour, starting at 3:00, has been set aside for independent work. Scholars will work on daily goal setting on their Schoology reflection sheet and then complete their required classwork and homework.
