

PRESENTS

# PEDESTRIAN & HOME SAFETY PRESENTATION

**Please come join us for a quick, one-hour presentation on injury prevention!**

Did you know that pedestrian incidents increase this time of year? With Halloween around the corner, come learn more about how to teach your scholar how to properly and safely cross the street. Looking to learn more about injury prevention in the home such as falls, fires, ingestion and furniture tip overs? Children's Health will dive into all of these topics – you don't want to miss it!

Sessions are offered in both English and Spanish – so choose the session that works best for you!
