CAREER DAY

WORK BASED LEARNING
COLLEGE AND CAREER READY

MARCH 4TH, 2020

Luna Family, we need your help! Career day is a unique opportunity for scholars to learn about different professions. We are looking for family and friends to share their careers so that scholars can widen their view of “what they want to be when they grow up!”

On Career Day you will talk about your job with several different classes for 10 minutes sessions.

A presentation should:

1. Introduce yourself and your career.
2. Have content and materials that are age appropriate.
3. If you can, bring tangible items such as videos, tools, or visual presentations to highlight your career.
4. Briefly describe an average workday.
5. Share special projects you may be working on.
6. Connect your career to the importance of school.
7. Allow time for questions.

To sign up, please contact our
Social Counselor, Ms. Flowers, at
